The minimum score is 6 and the maximum is 15, (3 judges marking on a scale of 2 - 5). Club members should not be disappointed if they have received lower marks than in club competitions as this exhibition is judged at a very different level, much more following the pattern of a National Exhibition. The acceptance scores for Monochrome, Nature and Open Prints was 12, and for Projected images 11, with the inclusion in Projected images of any lower-scoring images that are starred (indicating that one selector gave the maximum mark).
